REPORT OF THE PRESIDENT.

To the Patrons and Members of the Mount Sinai Training School for Nurses:

With pleasure and great satisfaction I present to you to-day an account of our stewardship for the past two years, and submit a report on the present condition of our School.

We are indeed proud of the fact that we are able to record the largest number of nurses in the history of the institution. I may say that there are very few training schools in this country who can show more nurses in training than we. For years it has been our aim to supply the Mount Sinai Hospital with all the nurses required for the care of its patients, not only in its general wards, but also in the Private Pavilion. This ambition has now been realized.

Since we have occupied our present building, we have gradually admitted more and more probationers, so that at the present time we have reached the full capacity of the School. On October 1st last, we were able to take over the Private Pavilion, or, in other words, to supply the Private Pavilion of the Mount Sinai Hospital with pupil nurses from the School, and thus save the Hospital a large amount of money and at the same time give our pupils an opportunity to become familiar with the care of private patients.

We are also supplying the Mount Sinai Dispensary with trained nurses, and at the present time there are five of our pupils on service there. The average daily number of patients treated in the Dispensary is seven hundred, and the experience and training which our nurses receive there, is certainly very valuable.

Three nurses are constantly on duty in the diet kitchen, and three in the supply room. Experience in both these fields will prove exceedingly helpful to them in their future career.

Eight of our nurses are constantly on duty at the Sloane Maternity Hospital, and four at the Lying-In Hospital, thus acquiring a thorough training in the care and nursing of maternity cases.

Formerly the Sloane Maternity Hospital was the only institution which gave our pupils training in obstetrical cases, but since our School has materially expanded the Managers of said institution have informed us that they cannot take more than eight of our nurses at any one time. In order to enable all our pupils to take a maternity course, arrangements have been made with the Lying-In Hospital and for the last six months four of our nurses are constantly in training there. We are deeply indebted to both institutions for their kind co-operation.

The number of pupil nurses in our School on January 1st, 1908, was 147, and since that time a class of probationers has been admitted, so that to-day the total number is 178. In the class of 1906, 16 pupils received their diplomas, and in the class of 1907, 23 were graduated. At the graduation exercises to-night we shall have a class of thirty-seven who will receive their diplomas and medals.

During the year 1906, 613 applications were received for admission to the School, and during the year 1907, 533 applicants handed in their papers. Out of these, 92 probationers were accepted in 1906, of whom 15 proved unsatisfactory. In 1907, 62 probationers were admitted to our School, five of whom were dropped during the year.

The registry for Mount Sinai graduates, which is kept at the office of our Training School, is a means for the public to obtain the services of trained nurses. During the year 1906, nurses were supplied to 2339 cases, and during the year 1907, 2527 calls for nurses were received and answered. This is an increase of more than 1000 calls over the year previous, and indicates the popularity of the Mount Sinai graduate.

FINANCES.

In our last report we called attention to the deficit with which

we had to close our books at the end of the year. We then expressed the hope that the financial condition of our School would improve with its increased usefulness. I greatly regret to be obliged to state that our hopes were not realized. The Treasurer's report again shows a deficit for the year 1906 as well as for the year 1907, and I must appeal to the friends of our Institution to help us in making the School self-supporting. Our income through membership is not fully \$10,000 per annum; this is certainly not sufficient. We have many Members on our list who pay \$10 per annum and could well afford to increase their membership from \$10 to \$25. I strongly appeal to these to take into consideration the splendid work of our Institution, and to permit us to make this change. I also appeal to those who are not yet on our list as annual contributors, to come forward and join our Institution as Members or Patrons, and thus participate in a work of education and charity.

During the past two years we have received the following cash donations:

1906: From	Mrs. Henry Budge.....	\$100.
	Mrs. George W. Naumberg.....	10.
	Mr. Charles Altschul.....	15.
	Mrs. Millie Lavanburg	500.
	In Memory of George W. Stern.....	250.

1907: From United States Grand Lodge Independent Order Free Sons of Israel.....	\$100.
Mrs. Isaac Blumenthal—(In commemoration of her 70th birthday)	100.
Mrs. Leon Gottheil	5.
Mrs. M. S. Fechheimer	5.

To these kind donors, I beg to express herewith our sincere thanks and our appreciation of their liberality and interest shown in our work.

A legacy of \$500 was received in 1906 from the estate of the late Adolph Herrmann. Mr. Herrmann was for many years a

Director of the Mount Sinai Hospital and a staunch friend of our School. We herewith record our appreciation of the generous impulse which prompted so liberal a bequest.

SPECIAL DEDICATION.

Our colleague and friend Mr Albert W. Scholle in November, 1906, established a special fund through a gift of \$2,500 in 4 per cent. City bonds; this fund is to be known as the "Lillie Stern Scholle Fund" and the income of same is to be used for the purpose of providing pleasure and entertainment for the pupils of the School. Mr. Scholle has thus brought much joy to our nurses, and on their behalf, as well as in the name of our Board, I wish to convey to him our sincere thanks for this dedication. In December, 1907, Mr. Scholle liberally added to this existing fund, a \$1,000 New York Central & Hudson River Railroad bond, which was likewise received by our Board and accepted with sincere thanks.

From the income of this fund the amount of \$88.92 has been expended, partly for the purchasing of cots and canvas steamer chairs for the roof, thus enabling a number of our nurses to sleep on the roof during the hot summer months, and partly for theatre tickets.

Among other gifts received during the past two years, are to be mentioned particularly a copy of the famous portrait of Mme. Le Brun, painted by herself, donated by Mr. S. A. Fatman, and a number of etchings from Dr Charles A. Elsberg. We have also received books and magazines from various friends. The thanks of our Board are herewith extended to these kind donors.

Through the generosity of some of our Directors, our nurses have on several occasions during the past two years enjoyed dances, at which refreshments were served. These evenings have furnished much needed recreation to our pupils from their arduous duties in the Hospital, and are looked forward to by them with much pleasure. The thanks of our Board as well as the thanks of our nurses are herewith expressed to these kind friends.

DEATHS.

Since our last biennial meeting we have lost, through death, two of the most active and valued members of our Board.

Mr. David Wile passed away on September 25th, 1906, after he had served as a Director of our School for twelve years, during which period he devoted much of his time and attention to the best interests of our school. A special meeting was held and resolutions were adopted and transmitted to his bereaved family.

The death of our lamented friend and colleague, Isaac Wallach, was announced to this Board at a special meeting held on March 15th, 1907. Mr. Wallach was connected with our Training School since 1894, and not only had he served as a Director of our School, but as President of the Mount Sinai Hospital he had at all times been instrumental in advancing the school to its present position. In his death we have lost a staunch friend, a valued adviser, and a noble man. The resolutions adopted at that time were also transmitted to his bereaved family and published in the daily press.

We further record with sorrow the death during the past two years of the following annual contributors:

ALFRED ADLER,	JOSEPH OFFENBACH,
EUGENE ARNSTEIN,	FERDINAND OPPENHEIMER,
WILLIAM BAUMGARTEN,	MRS. M. OTTINGER,

RESIGNATIONS.

Mr. Samuel Eiseman, a member of our Board for the past two years, found it necessary to sever his connection with our Institution in November, 1907, owing to the fact that he could not devote the necessary time to its affairs. His resignation was accepted and the thanks of our Board are extended to him for the interest which he manifested in our work.

Mr. Max Nathan, who was a member of our Board for fifteen years, resigned in December, 1907, because he felt that a younger and more active man should be elected in his stead. This resignation was reluctantly accepted.

Mr. Nathan has at all times manifested a deep interest in the welfare of our School and we full recognize that his zeal and untiring work for our Institution have in great measure contributed to its advancement.

The Directors felt that some provision should be made so that they might continue to receive the benefit of the counsel of those of their colleagues who after many years' service found it necessary to retire from active work. Therefore, at a meeting held on February 27th, 1908, the Constitution was amended by the addition of Article 13, which reads as follows:

"Honorary Directors may be elected from those who have served as Directors of the Training School for not less than ten consecutive years.

"Elections for such Honorary Directors shall be held at the first meeting of the Board subsequent to that at which the nominations were made. Two or more dissenting votes shall prevent the election of any nominee.

"Honorary Directors shall have the right to be present at all meetings of the Board, and to participate in the discussion of matters before it, but shall not be entitled to vote."

At the same meeting Mr. Max Nathan was nominated as an Honorary Director. At the following meeting of the Board, on March 26th Mr. Nathan was unanimously elected to this office, and we are happy to state that he has accepted.

MEDICAL BOARD.

The Medical Board of the Training School up to January 1st, 1908, consisted of Dr. N. E. Brill as Chairman, and Drs. A. G. Gerster and Henry Koplik. On January 1st, 1908, Dr. Koplik was succeeded by Dr. Florian Krug. We beg to express to these gentlemen of the Medical Board our warmest thanks for their interest in every detail of our work. The Medical Board is assisting our Board in many ways, particularly in the supervision of the School, and the formulation of a proper curriculum for our nurses.

Formerly, lectures to our nurses were delivered by members of the Attending and Adjunct Attending Staff of the Hospital. This arrangement was found to be inadequate, and the Directors felt that they needed instructors who would devote sufficient time to this work, so that our nurses could get the full benefit of the course of lectures. We consequently appointed Drs. Eugene P. Bernstein, Leo Buerger and Herbert L. Celler as paid instructors, and the lectures are now given regularly, as follows: In Anatomy and Physiology, by Dr. Sara Welt; In Materia Medica, Dr. Bernstein; In Surgical Clinics by Dr. Buerger, and in Medical Clinics by Dr. Celler. This arrangement has proven very successful.

ADMINISTRATIVE DEPARTMENT.

The administration of the internal affairs of our Institution and the training of the nurses particularly is in the hands of our able superintendent, Miss Anna D. Van Kirk, who, assisted by Miss Lydia E. Anderson as Assistant Superintendent, as well

as by a Night Superintendent and several supervisors of pavilions, is doing all in her power to maintain the high standard of our School.

Our nurses are well taken care of, not only when on duty in the Hospital Wards, but when at rest in the Training School building—their home. The Directors thank this administrative staff for their conscientious devotion to the best interests of our Institution.

We also beg to express our thanks to Dr. S. S. Goldwater, the Superintendent of the Hospital, whose counsel is much needed and highly valued.

Ladies and Gentlemen:—

Having acquainted you with what we have accomplished during the past two years, we thank you for your kind support and co-operation. We rely upon your generosity to help us to carry on this noble work in the future, and the result will surely redound to the credit of our Institution.

KALMAN HAAS,
President.

REPORT OF THE SUPERINTENDENT.

*To the President and Board of Directors of the Mount Sinai
Training School for Nurses.*

GENTLEMEN:—

The past year has seen the desires expressed in our last report, for the improvement of the nurses' training, fulfilled.

The theoretical work is being done in the probationary term and first and second years; through the generosity of the Board we have been enabled to have paid instruction in certain subjects. A diet kitchen has been established, which has given the nurses a practical as well as theoretical instruction in the most important branch of nursing.

Placing a Supervisor in the Dispensary has opened up the wonderful opportunities of dispensary work to this Training School. In the supply room instruction is given in the preparing and economical distribution of surgical supplies. But most important of all, last Fall we were able to give our nurses practical experience in the care of private patients.

The number of applications decreased for a time owing to the allowance being cut from eight, twelve and fifteen dollars, to eight dollars per month for three years but at present it is up to the former mark.

The Registry has been very satisfactory. We have kept both young and old graduates busy and satisfied the demands of the public.

Much is to be expected in the future from the dispensary and district work; the field is wide and the experience invaluable, especially in the latter, as it is the only way that Mount Sinai nurses are taught to meet emergencies and make the best of what is at hand.

We wish to express our deepest appreciation of the wonderful opportunities given at Sloane and the Lying In Hospital.

The health of the nurses has been good, though we have had several cases of serious illness. Our grateful thanks are due to Dr. Brill for his untiring devotion to the sick nurses.

Respectfully submitted,

ANNE D. VAN KIRK,
Superintendent.

Information for Admission of Pupils

GENERAL STATEMENT.

The Mount Sinai Training School for Nurses, established in 1881, offers a course of instruction to women desirous of learning the art of caring for the sick.

The School building is a separate structure within the grounds of the Mount Sinai Hospital, Fifth and Madison Avenues, 100th and 101st Streets, New York City. The rooms for the nurses are comfortable, well heated, lighted and ventilated, and the building is modern in all its appointments.

EQUIPMENT.

The Mount Sinai Hospital affords exceptional advantages for the education of nurses. The new buildings, having been but recently erected, embrace the most modern and improved features of hospital construction. It is one of the largest hospitals in the city and contains 490 beds for the sick. Its service is varied, having general medical, surgical and children's wards, in addition to special wards devoted to the care of patients suffering with Gynaecological, Dermatological, Neurological, Ophthalmic, Aural and Genito-Urinary diseases.

It embraces a Private Pavilion, eight operating rooms, and a large Dispensary, thus offering unsurpassed opportunities for thorough practical experience in all kinds of nursing. By arrangement with the Trustees of the Sloane Maternity and of the New York Lying-In Hospitals, the pupils receive a three-months course in Obstetrics at these famous institutions. Instruction in properties and preparations of foods, with their application to the needs of the sick, is given in a diet kitchen, equipped for teaching. The opportunity of District Nursing is granted to a limited number who desire that experience.

REQUIREMENTS FOR ADMISSION.

Candidates wishing to enter the School must apply personally or by letter to the Superintendent of the Training School. Those applying should send in a letter giving a personal history, and enclosing a statement from some responsible person, testifying to good moral character, and one from a physician certifying to sound health and unimpaired faculties.

Applicants must be between twenty-one and thirty-three years of age. They must have a thorough English education, and women of superior education and cultivation will be preferred.

TERMS OF ACCEPTANCE.

Students are admitted in the Spring and Fall, in classes, for a preliminary term of three months.

If the record of the student should prove unsatisfactory during the first six months, her connection with the School may be terminated by the Superintendent of the Training School. At any subsequent time the Board of Directors may dismiss a pupil upon recommendation of the Committee on Nurses and Instruction, for misconduct, inefficiency or failure to develop qualities befitting the nursing profession.

ALLOWANCE FOR EXPENSES.

The pupils receive board, lodging and laundry from the date of entrance. After the expiration of two months, an allowance of \$8.00 per month will be given for the entire term of three years. This allowance is made to defray the expense of uniforms, text-books and stationery.

VACATIONS.

A period of three weeks is allowed each pupil at or near the end of her first and second years. These vacations are planned as far as possible to occur between the first of June and the last of September, and occasionally during the Christmas recess.

SICKNESS.

In sickness all pupils are cared for in the Hospital by one of the Attending Physicians appointed for the Training School by the Board of Directors. All time lost through illness or absence must be made up. Through the generosity of one of the Hospital Board of Directors, a room in the Hospital has been endowed for the benefit of sick nurses who are graduates of the School.

The School being non-sectarian, there are no religious services connected with it. All pupils are expected to attend the place of worship which they prefer.

GENERAL PLAN OF INSTRUCTION.

The three-years' course is divided into—

Preliminary term of three months.

Junior term of nine months.

Intermediate term of one year.

Senior term of one year.

Preliminary Term —

~*Hygiene and Sanitation.*

~*Domestic science; particularly in relation to foods.*

~*Bacteriology.*

~*Solutions.*

~*Bandaging.*

~*Elementary Nursing.*

Junior Term—

~*Anatomy and Physiology.*

~*Materia Medica.*

~*Urinalysis.*

Intermediate Term—

~*Nursing Ethics.*

~*Massage.*

- `*Medical Diseases.*
- `*Surgical Diseases.*
- `*Children's Diseases.*
- `*Contagious Diseases.*
- `*Obstetrics.*

Senior Term—

- `*Instruction and practice is given in Operating-Room Technique.*
- `*Care of Private Patients.*
- District Nursing.*
- Executive Work.*

The Preliminary Term—

In this three months a large part of the time is spent in study and demonstration in the Class Room. Classes are held in which the pupil is instructed as to what are the essential qualifications of a nurse; and clinics in the practical part of nursing, so that students may become familiar with the various appliances and utensils used in caring for the sick. The time spent in the wards is under special supervision as to the manner in which the pupil follows the instruction received in demonstrations and as to her general fitness of disposition and temperament for the work of nursing.

The Junior and Intermediate Terms—

During this period the students receive instruction in practical work in the men's, women's children's medical and surgical, in the gynaecological, in the eye and ear wards, as well as in the dispensary.

The Senior Term—

The practical work of this year consists of attendance in the Operating Rooms, Private Pavilion and the management of the various wards. Lectures and demonstrations are given throughout the course by competent instructors.

EXAMINATIONS.

Examinations are held at the close of the course of instruction in the various subjects. These examinations, which are both written and oral, include practical tests, and the standing of the student is based upon the general character of her work throughout the year, as well as upon the results of the examinations. Students must pass on all subjects before entering upon the work of the following year.

GRADUATION.

The diploma of the school will be awarded to those who have completed satisfactorily the full term of three years, and have passed successfully the final examinations. A diploma is also awarded by the Sloane Maternity Hospital and the New York Lying-In Hospital for the three months' Obstetrical Course.

SCHOLARSHIPS.

The Murray Guggenheim Scholarship Fund provides twelve scholarships of the value of \$100.00 each. These scholarships will be awarded at the close of every school year to the six members of the Junior, three of the Intermediate, and three of the Senior classes, who have shown exceptional merit in all branches of the work. It is thus possible for one nurse to obtain the scholarships of the three successive years.

LIBRARY.

A reference library has been given and endowed by a friend of the Training School. This contains books which supplement the class work and enable any pupil to pursue advanced study while in the School.

In addition to the above there is a library of works of standard authors. To this the nurses have access at all times. Magazines and papers supply general information and keep the nurses interested in current events.

REGISTRY.

The Training School maintains a registry for its graduate nurses. There has been a steady increase in the number of calls for Mount Sinai graduates. In the year 1907, there were 2,527 calls, an advance of 188 over the previous year.
